Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes than any *other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa, suppressed or absent monthly periods; dizziness from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

Dr. Shoop's Catarrh Cure

THE COREY-GILMAN WEDDING.

William Ellis Corey, president of the United States Steel Corporation, and Miss Mabelle Gilman were wedded after midnight this morning in the Hotel Gotham, New York. Rev. J. L. Clark, of the Bushwick Avenue Congregational Church, Brooklyn, performed the nuptical ceremony.

The wedding was preceded by a dinner, served in a dinner-room off the main reception room of the suite, to which the bride and the invited guests sat down under long streamers of smilax and bridesmaid's roses intertwined.

The hall in the hotel leading to the Corey apartments was banked with dogwood blossoms, palms and snowball blossoms as high as the ceiling. At the north end of the reception room, hung with greenery, with pink roses intertwined in the strands of smilax, opened into the small dining-room, which had been set for the wedding dinner.

After the ceremony the couple were smuggled out of the hotel to an automobile, which carried them to Hoboken. There awaiting them was the North German Lloyd steamship Kaiser Wilhelm II. Mr. Corey has engaged the captain's suite. The Kaiser sailed early today. Mr. Corey and his bride will be gone in Europe three months.

Corey had to spend a great deal of yesterday on things Miss Gilman ordered as part of her trousseau and traveling outfit. According to some reports, Miss Gilman paid $60 for shoes. She took about an hour trying these on, and Mr. Corey, who stood by for a while, soon got tired and went away. The clerk who did the fitting announced that Miss Gilman's feet were 4B—children's size—which is to say that they were very small. Bills for many photographs also came in. Mr. Corey has had many photographs taken of his prospective bride, and he has personally posed her for many of them.

Miss Gilman's trousseau, purchased in Paris, is said to have cost $35,000, and fills 10 large trunks, besides hat and shoe cases. The steel magnate is reputed to be worth $10,000,000. His salary as president of the United Steel Corporation is $100,000 a year.

Blew Up Railway Station.

With a report that could be heard throughout the town, arousing the people in terror, the safe in the Philadelphia and Reading Railway station at Hathborn, N. J., was blown up early yesterday morning by cracksmen. So terrific was the explosion that one side of the building was blown out.

A short time previous to the attack on the safe, which took place at 1.30 a. m., the home of Eugene Blair, a short distance from the station, was also ransacked by burglars, who secured a large amount of silverware, jewelry and cash. It is believed that the same gang, which is supposed to have consisted of at least three men, committed both robberies.

The men evidently had misjudged the amount of the explosive used at the railroad station, for the small building was almost wrecked. One wall had been blown down, pieces of the safe were found twisted and broken some distance away, while the furnishings of the office appeared as though they had been tossed about by a cyclone. Tickets lay scattered around the floor, while cash, which the robbers did not have time to gather up, was found in many places.

It was apparent that the robbers had fled before completely finishing the job of looting the place, evidently scared away by the noise their miscalculated charge had made.

A considerable amount of blood found on the floor showed that one of the men had been severely injured in the operations.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by W. F. Creighton and Gibson & Timberman.

Series of Tragedies.

Felix J. Kidd, of Big Stone Gap, Va., was shot and killed at Alta Pass, N. C., Sunday afternoon by Will Anderson, of that section. Anderson was in turn killed by Charles Hale, a friend of Kidd.

Kidd passed through Bristol Saturday night, accompanied by his wife and children, en route for Alta Pass, which place he reached only a few hours before the tragedy occurred.

He was foreman of one of the construction camps of the Southern and Western Railway, and was walking along near one of the camps in company with Hale, when Anderson, said to have been a bitter enemy, shot him three times, killing him almost instantly. Before the murderer could escape Hale shot him.

Kidd's wife and children passed through Bristol again yesterday, returning to their home in Big Stone Gap.

This tragedy was followed a short time afterward by another in the same vicinity. Deputy Sheriff Buchanan attempted to arrest a man named Faul, who had been guilty of a misdemeanor. Faul shot and killed the officer. Another deputy sheriff, whose name could not be learned, arrived just at that time and fired upon Faul, killing him almost instantly.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by E. S. Leadbeater & Sons.

Alexandria Gazette AND VIRGINIA ADVERTISER

TUESDAY EVENING, MAY 14, 1907.

AT THE State Department it is stated that there has never been any interchange of opinion, either by formal communication or otherwise, between this country and Mexico, with regard to the possibility or desirability of the formation of a joint protectorate by these two countries over the republics of Central America, nor as to the benefits that might accrue from an amalgamation of the five Central American governments under one supreme and responsible head. This statement is brought out as a result of an interview published with President Diaz of Mexico, in which he is quoted as saying that Mexico was ready at any time to join with the United States in forming such a protectorate and that a union of the five states mentioned would be very desirable.

ON Sunday and Monday the divorced president of the U. S. Steel Corporation was hunting for a clergyman—Episcopal preferred—to marry him to Mabelle Gilman the actress. The convictions and ecclesiastical rules governing Episcopal clergymen are such that he encountered a series of declinations and finally had to appeal to a minister of another denomination—Congregationalist. It is impossible to see why he was particular to have a minister. He could have been married by a magistrate, and there is no visible reason why a religious sanction to his union should have any particular interest for him.

TIDAL WAVES of reform have been sweeping lately over the South. Several states have enacted prohibitory liquor laws, or local option laws that amount to nearly the same thing. Two or three States have recently legislated against gambling, and now Texas is utilizing the taxing power to abridge by indirection the constitutionally guaranteed right of every citizen to bear arms. It has imposed upon all dealers a tax of 50 per cent. of the gross receipts for pistols, and it is hoped that the traffic therein will be radically curtailed.

A CORONER'S jury at San Luis Obispo, Cal., after an inquest over the bodies of eleven victims of the wreck of the Shriners' special train on Saturday at Honda, yesterday returned a verdict finding that the Southern Pacific Company had been criminally negligent. The wreck was charged to defective equipment. It seems that many of the accidents on railroads could be avoided if a little precaution were taken by the railroads.

WHEAT passed the dollar mark on the Chicago grain exchange yesterday, but it is more than probable that the farmers who raised the wheat will not receive a cent benefit by the advance. Most of the wheat grown last fall has been sold by the farmers and is now in the hands of the manipulators who will be the chief beneficiaries by "dollar wheat."

PRESIDENT CASTRO'S health is not so bad as to have prevented him from paying off the debts of Venezuela which Germany and England enforced with their ships of war. But if the Drago doctrine should prevail in the coming peace congress at the Hague there will be an end of this method of collecting debts.

"FACTS ABOUT THE SOUTH" is the title of a little book written by the editor of the Manufacturers' Record, of Baltimore, and just published. The whole story of southern material upbuilding, the romance of the South's redemption from poverty to prosperity since 1880, and the resources of this section in coal, iron and cotton and other wealth-producing factors, are more comprehensively covered than ever before. The material prosperity of the South before 1860, so little understood by the general public at this time, is brought out very clearly as bearing upon the business energy of southern people and as convincing proof of natural advantages which even before the war were rapidly making the South the richest part of the country. Just now, when the business world is so generally discussing the great progress of the South, the facts presented in this pamphlet will be read with interest by people both of the North and South.

From Washington.

Washington, May 14.

The official information from Governor Magoon, of Cuba, that he has decided to start in on a system of internal improvements for the island, is peculiarly interesting, in view of his effort to loan out to the banks of Cuba a large part of the money in the Cuban treasury. The banks were so prosperous that they promptly declined his offer. Under the American administration of Cuban affairs, the income of the island has exceeded the expenditures by about $500,000 a month more than was the case under the administration of President Palma. There is $16,000,000 in the treasury. This accumulating surplus was beginning to be embarrassing to Governor Magoon, and in view of the refusal of the insular banks to come to his assistance by taking part of the funds off his hands, so that the money would not be lying idle, he has come to the conclusion to carry out some of the work previously planned. The Cuban congress appropriated $5,000,000 for the improvement of the roads in the islands. These estimates he has carefully scaled down, but he has decided to expend four-fifths of the amount recommended by the congress.

Leading republicians, interested in one way or another in the admission of Oklahoma, to the Union, held a conference here today with a view, it is generally understood, of taking united steps to keep the territory out of the union until after the next presidential election. Governor Franz, of Oklahoma, came on to the conference, joining his advance agent, Dennis Flynn, who has been in Washington for some time having had at least one talk with the President on the subject. James S. Sherman, chairman of the republican congressional committee, also came to Washington for the conference. The democrats say in answer to the charge that they have gerrymandered the would-be state is no worse then the gerrymander in Illinois, Missouri, or half a dozen other western states.

The post card craze has reached the Supreme Court of the United States. It is all because of a scrap over "scrap books" between the United States customs officials and the American News Company. This company wants "post card books" admitted as blank books, or at a 25 per cent. ad valorem duty, while the customs officials say these are "scrap books" and are merely called post card books in view of the post card craze and to distinguish them from "herbariums" and "Christmas card books." This would require a duty to be paid upon them of 35 per cent. The lower courts have decided that they are scrap books and the Supreme Court of the United States will probably announce on May 27 its decision as to whether it will review the judgment of the lower court.

The DeLarama divorce case, made famous by the prominence of the parties and the fact that it was the first case on appeal from the Philippines decided by the Supreme Court of the United States on its merits, refuses to be settled, and there is a probability that it may again come to Washington. By the decree of the Supreme Court Agueda Benedicto de Larama secured the divorce from her husband, a wealthy Filipino, and like his wife prominent in Mestizo society. The case was replete with racy features and mutual accusations of infidelity. The Supreme Court ordered that the Philippine courts wind up the conjugal partnership. This was done by the husband being required to pay $3,300 for her support and the woman's share of the estate. Upon objection to this decree being raised a new appraisment of property was ordered with indications that the case will be fought to the bitter end in the courts. DeLarama was in Washington last fall in the interest of the Philippine sugar tariff bill.

The Senate committee on military affairs, which is investigating the shooting up of Brownsville, Texas, convened today, after a recess of more than a month. No witnesses were examined, and the committee adiourned until tomorrow at 10.30 to give Senator Warner time to arrange the witnesses in the order in which he desires to examine them. Ten members of the committee were present, including Senator Foraker, who is defending the negro troops.

The Union Pacific Coal Company, of which E. H. Harriman is President has made a return of about 2,600 acres of mineral land to the government, situated in Wyoming. The case has been amicably settled between representatives of the goverment and officials of the company.

Following the naval display at Hampton Roads yesterday, the Atlantic Fleet has broken up and will not be reassembled again till June 9th, when the ships will take up their positions off Old Point Comfort to welcome the arrival of the President on the Mayflower, on the morning of June 10th, when he will be the orator of the day at the celebration of Georgia Day at the Jamestown Exposition.

The government's trust fighters are putting on their armor for another bout with the Standard Oil Octopus which will come up in the U. S. District Court at St. Louis, May 24.

The interview with President Diaz, of Mexico, in which he advanced the idea that the salvation of the Central American republics could only be assured through a practical union of the several States under a joint protectorate of the United States and Mexico has created considerable pertubation in the minds of Central American diplomats here. Acting Secretary of State Bacon sees it only as an expression of President Diaz's personal opinion and nothing more.

Definite announcement that prosecution is to be begun against the powder trust may be expected within a few days. District Attorney McPherson of Cincinnati, is here in response to a summons from the Attorney General. It is understood that the final instructions are being given him in the preparation of the bill to be filed in his district. The investigation of the trust has been in progress since last fall, when the appropriation committees of both branches of Congress suggested to the President that the management of the trust seemed to warrant an inquiry. For years there has been complaint by war and naval officials that the government was in the grasp of a trust that could absolutely dictate terms for ammunition in case the United States should become involved in war.

Sensations in Loving Case.

It is expected that at the trial of Judge William G. Loving, of Nelson county, for the murder of Theodore Estes, an attempt will be made to prove that Estes had made attempts to drug two young girls, and that one of his alleged victims would be placed on the stand to testify in the case. It is also reported that Commonwealth's Attorney Whitehead has made his position untenable by attempting to color public opinion through the medium of the press and that on this ground alone the defense is almost sure to seek and obtain a change of venue. It is probable that the case will finally be heard either in Richmond or Petersburg.

Daniel Harmon, of Charlottesville has been employed by the Estes family to prosecute Judge Loving for the killing of Theodore Estes. John P. Swanson brother of Governor and brother-in-law of Estes, was in conference with Mr. Harmon yesterday. The father of Estes will make a vigorous fight.

Samuel V. Davis, a prominent republican died at his home at Philipsburg N. J., this morning of general debibiity.

News of the Day.

It is understood that the United States Civil Service Commission will shortly establish offices in this city.

Oscar Hammerstein announced in London yesterday that he will build a grand-opera house in Washington.

The Duchess of Marlborough is to conduct a rescue work among the poor women of the East Side, in New York.

A report comes from New York that J. Pierpont Morgan is to leave the Episcopal Church and become a Catholic.

Ten persons were injured, but none fatally, in a collision on the Boston and Maine railroad late last night half a mile south of Littleton, Mass.

A dispatch from Havana says a military commission has been ordered by Governor-General Magoon to investigate conditions on the Isle of Pines.

A bill was introduced in the Russian parliament yesterday for the payment of the Japanese bill of $22,000,000 for the maintenance of the Russian prisoners of war.

While the Dowager Empress of Russia was out driving yesterday the horses of her carriage became unruly and trampled a young girl. The Empress helped to dress the child's wounds.

Mrs. Russell Sage has been elected president of the Sage Foundation, which she herself endowed with $10,000,000 for the purpose of improving social and living conditions to this country.

The work of selecting a jury in Boise City, Idaho, for the trial of Wm. D. Haywood, indicted for participation in the murder of Gov. Steunenberg, is progressing slowly, but four having been obtained so far.

The U. S. Supreme Court yesterday upheld the South Carolina statute which authorized the state treasurer to "write off his books," the 37 lost bonds of par value $1,000 which had been carried on his books since the civil war when the bonds were lost.

Notwithstanding the inducements a naval career offers a young physician over the uncertain and overworked lines of the average struggling young general practitioner, the medical corps of the navy has not found it possible to secure enough naval surgeons to meet the needs of the service.

The U. S. Supreme Court yesterday put its seal of approval on the order of the interstate commerce commission in the complaint of Proctor and Gamble, soap manufacturers at Ivorydale, O., against "unjust and unreasonable rates in the transportation of soap." The order remedied an alleged discrimination against soap shipped in less than car loads.

In the trial of Judge James Hargis for the murder of James Cockrill at Jackson, Breathitt county, Ky., John Smith testified yesterday that Judge Hargis and Ed Callahan enumerated to him men they wanted killed in Breathitt county. The list included Judge W. H. Blanton, Mose Feltner, and John Abner. This is entirely new testimony, and caused a stir in the court room.

The U. S. Supreme Court yesterday in upholding the constitutionality of the eight hour law as applied to public works, also held that men employed upon dredges and scows are not "laborers, or mechanics," within the meaning of the law, and that dredging is not done on "public works of the United States." Therefore, in the court's opinion, the requirement of more than eight hours labor of these men was not a violation of the law.

Charles P. Neill, commissioner of labor, has received an increase of salary. He has done much special work in his bureau, and has been engaged in so many conference on arbitration, under the Erdman act, that the President seized the first opportunity to give him a raise. He has made him a member of the new immigration commission and by executive order has fixed his salary at $7,500. This includes his salary of labor commissioner which has been $5,000.

Ohio republicans were thunderstruck last night when it was learned that the conference for next Wednesday had been indefinitely called off. It is believed that when Senator Foraker saw his inability to secure an indorsement, he had Senator Dick send out the notice canceling the date. This means a reopening of the entire situation and a battle royal for honors. Unbiased observers concede that Taft is extremely strong. But whether he would be able to deny Foraker an indorsement, except on a close vote, is doubted.

It was announced from the general offices of the Chesapeake and Ohio Railroad yesterday that General Solictor Henry T. Wickham has been promoted to be general counsel, Henry Taylor, jr., to succeed Wickham as general solicitor. H. W. Fuller is promoted from general passenger agent to passenger traffic manager. John D. Potts, at present assistant general passenger agent, is promoted to be general passenger agent. William S. Bronson, assistant general passenger agent in Washington, has been ordered to Richmond, where his title will remain the same.

Miss Nevada Taylor, who was criminally assaulted by Edward Johnson, a negro, on January 28, 1906, for which crime the negro was lynched by a mob two months later, died last night at her home in Findlay, Ohio, of nervous trouble brought on by the crime. Miss Taylor was the 19-year-old daughter of the superintendent of Forest Hills Cemetery, where the crime was committed. The case has become a celebrated one. The Supreme Court of the United States now has Sheriff Shipp, several of his deputies and alleged members of the mob under the charge of contempt as a result of the lynching.

Triple Murder and Suicide.

After beating out the brains of his wife and two children with a hammer in their home, near Guanoque, Ont., yesterday, William Waldie, formerly manager of what was known as the Horace Greeley farm, near New York, slashed his throat from ear to ear with a razor.

Waldie attacked his wife while she was lying in bed, and crushed her skull with heavy blows from the hammer. His two children were asleep on a cot in an adjoining room, and were next attacked by the murderer.

After assuring himself that his work had been well done, Waldie took his stand in front of a mirror and applied the razor to his throat. His body was found covered with blood.

Waldie was married in New York in September, 1900, his bride being only 18 years old.

Virginia News.

John Duryea, of New York, died at Staunton Saturday night aged 81 years. He had accumulated an immense fortune in the starch industry.

The big steel and concrete bridge spanning Opequon creek, midway between Winchester and Berryville, Clarke county, will be opened for travel this week.

Horace Henderson, postmaster at Passapatanzy, King George county, and Miss Lula Curtis, of the same county, were married at Fredericksburg yesterday at the Methodist parsonage by Rev. J. H. Light.

We have received from the Faculty and Graduating Class of the University College of Medicine an invitation to be present at their commencement exercisees to be held on May 21st, at eight-thirty o'clock at the Academy of Music in Richmond.

For the convenience of the steamers belonging to the oyster police navy of Virginia a coal depot has been established in Nomini creek, not far from Nomini wharf, where the vessels can run in at any time to take on bunker coal or to seek shelter from the heavy gales which sometimes sweep over the lower Potomac.

After the entire day and a large part of the night had been occupied in reaching a verdict in the inquest on the body of little Horace N. Marvin, jr., the coroner's jury at Dover, Del., at 11 o'clock last night rendered a finding that the boy came to his death from exposure about March fourth or fifth. The verdict arrived at was not unanimous, twelve of the fifteen jurors finally agreeing that death resulted from exposure.

To Defeat Roosevelt.

A dispatch from Washington says: the reactionary plot to defeat President Roosevelt's policies and prevent the nomination of Secretary Taft as his successor is assuming definite shape. From sources of unquestioned reliability it is learned that, through a combination of five or six states, the reactionary leaders expect so to overawe the national convention that even with an administration majority confronting them they believe they can force a compromise and virtually dicate who the nominee will be. The most important states in the combination are New York, Pennsylvania, Massachusetts, Illinois and Indiana.

These are the states necessary to give any man the convention may choose a majority in the Electoral College. Without them, a republican candidate will be hopelessly defeated at the very outset of the contest, and the reactionary plotters declare that if these states stand together, with the possible addition of New Jersey and some of the other New England states, the convention will not dare to name a man against whom they are arrayed.

Indiana is to be secured through Fairbanks, Pennsylvania through Penrose and the state machine, Massachusetts is to be delivered by Senator Murray Crane, Illinois by Speaker Cannon, and New York by republicans fighting Hughes.

So far there is little talk of the candidate of the reactionaries, but the present plan of the leaders is to center upon Senator Knox as the most available man and the most likely to serve as a compromise candidate.

Thomas F. Ryan.

"The reports emanating from Richmond to the effect that Thomas F. Ryan had ulterior motives in participating to a very limited extent in Virginia politics has done that gentlemen a grave injustice," said one of the closest personal friends of the Nelson county New Yorker yesterday. "I saw the suggestion some weeks ago that possibly Ryan might be seeking some political preferment, alluding to his membership on the state committee and his extensive improvements to his Nelson county estate. From that the report has grown and been added to and made to appear that he was seeking everything in the political scale, from member of the State Senate to member of Congress, United States senator, governor, and, finally, president of the United States.

"I happen to know that Ryan is after nothing of the sort, and that there is no political office which he would accept. He told me so less than two weeks ago.

"What is more, Ryan is preparing to retire from active business and to go to his handsome estate, in Nelson county, and to make his home there. He will engage in farming, cattle raising, horse raising and such pastimes as will appeal to him. He will quit business. He has accumulated enough, and he wants to get away from business cares. He wants to live with his family, his books, his horses, on his farm, and to be free from the cares which have engrossed him for so many years."

Beat off Her Assailant.

Miss Nellie Harper, a well-known young woman of Seaford, Del., who occupies a prominent place in society, was more than a match for a negro who attacked her Sunday night. She was walking alone near an old mill, when the negro sprang from behind a tree and seized her arm. Instead of screaming and fainting Miss Harper struck the dusky assailant a severe blow in the face with her free arm and knocked him down. She then ran to the home of her aunt nearby and procured a revolver and returned alone to the scene on the attack, determined to shoot the negro on sight. She searched for her assailant, but he had made his escape.

Birthday of Baseball.

The first convention of baseball clubs that made the game national and fixed the rules under which the sport became the most popular of all games met just fifty years ago, in 1857. To celebrate this event the North American, Philadelphia's greatest baseball paper, will issue a special anniversary baseball supplement next Sunday. The special features include an article by Al Reich, who was playing ball when the convention was held, and compares the old baseball with the new; a color page with superb group photographs of the Philadelphias and Athletics, the first of 1907; batting and fielding averages of the American, National and Tristate Leagues, a special story by George M. Graham on the Tristate's history and some of the men who have wrought its success, a page of school baseball and another of college baseball. The supplement will contain several hundred pictures and the name is of not less than 10,000 players and fans, making an unequaled souvenir and baseball reference guide.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at E. S. Leadbeater & Son's, drug store.

Today's Telegraphic News

Killed his Daughter in Park.

Philadelphia, May 14.—A pretty golden-haired little girl, about 5 years old, was found shot to death last evening in Fairmount Park, within the shadow of Horticultural Hall, and near her body her father, Francis M. Shultz, lay semi-conscious, moaning in intense agony. The man's throat was gashed by a knife, and the blood had stained his clothing and bespattered his face. The little girl's body was still warm, and she and the man were hurried to the Presbyterian Hospital. The doctors, however, could do nothing but pronounce the child dead. Shultz, the physicans say, has a chance of recovering. He is a salesman, living at No. 5125 Reno street, and the little girl was his favorite child. He had taken her to the Park in the afternoon for a stroll and to see the flowers. Schultz was too weak to say what happened in the Park, but the theory of the police is that he killed the child while temporarily insane and then made an attempt to end his life.

Philadelphia, Pa., May 14.—His throat slashed from ear to ear, it is declared at the Presbyterian Hospital, that Schultz will live. In a remarkable letter addressed to "My beloved wife and friends," Schultz thus explains his act: "Forgive me. I could not die and leave Hazel. I wanted to take her with me to heaven. She will comfort me there. You, my wife, will still have our youngest one to comfort you. God forgive and bring us all together again in heaven. I can not stand the suspense any longer. My heart is worse and I am afraid I might die and go from this world alone and without my darling Hazel."

The Hargis Trial.

Lexington, Ky., May 14.—While shooting was going on from the window of the Jackson court house which laid Jim Cockrill low, Judge James Hargis and Sheriff Ed. Callahan stood at a window in the second story of the store opposite, with guns raised, apparently ready for any emergency. This was the testimony of Noah J. Peters, a witness introduced by the prosecution in the trial of James Hargis today. Oscar J. Hagins, clerk for Day Brothers, testified that he heard the shooting, and heard Jim Hargis tell Curt Jett and Bill Britton to guard the court house.

Levi Cope, another witnesses said he saw Jett and Bill Britton cross from the Hargis store to the court house and saw John Smith in the window of the second floor and immediately the shooting began.

Catholic Benevolent Legion.

Baltimore, Md., May 14.—The twenty-sixth annual convention of the Catholic Benevolent Legion opened here today. About 2,000 delegates from all parts of the country took part in the opening session, which was held at the Catholic Club, opposite the Cardinal's residence on north Charles street. The convention was opened with a solemn high mass at the cathedral. Cardinal Gibbons welcomed the delegates on behalf of the Catholics of Baltimore and the State of Maryland. Governor Warfield spoke of the State at large. Mayor Timanus spoke for the city of Baltimore. John C. McGuire, supreme councilor of the Legion, who was collector of the Port of New York under President Cleveland and Mr. Tippet made the responses.

Against Adopted Daughter.

St. Albans, Vt., May 14.—Mrs. Isabell Malle Austen, a wealthy New York woman, has asked the superior court to annul the adoption by her husband, George Austen, of Miss Julia Curtis Reynolds, a pretty school teacher. Mr. Austen and his adopted daughter are living in a beautiful home in this city which Mr. Austen purchased last summer and presented to Miss Reynolds' mother. Mrs. Austin declared that Miss Reynold was adopted without her knowledge, and she is going to take advantage of the Vermont law, which says the adoption by a married man is illegal unless sanctioned by his wife. Incidently she is suing for divorce.

Earthquake Shocks.

Rome, May 14.—Earthquake shocks, felt near Mt. Etna, have added to the panic among the people living near the volcano caused by the eruption which has continued for several days. Dispatches received today from Catania, Sicily, say that since midday yesterday, continued shocks have been felt. There is the greatest fear that one of the worst eruptions in the history of the volcano is about to occur. Today the exodus of panic stricken residents of the neighborhood of Mt. Etna has greatly increased. Thousands of persons are now reported to have left their homes and hundreds of others are ready to fly whenever the danger appears greater.

Alleged Plot.

Rome, May 14.—An official investigation is reported to have been begun into the circumstances of the alleged bomb explosion at Pontelagoscure yesterday, which it is believed was due to a plot against the life of King Victor Emanuel. A train on which the king was a passenger was due in the station just four minutes after the explosion occurred. Three children were injured. A man named Antonio is under arrest on the charge of having had the bomb in his possession. It is hoped some confession can be drawn from him. He has so far refused to tell anything about himself or what brought him to Pontelagoscure.

Race Suicide.

London, May 14.—The vital statistics of Great Britain, just made public, show that this country has reason to dread the evil against which President Roosevelt has protested so often—race suicide. The figures compiled by the registrar of vital statistics in England and Wales show that the birth rate in 1906 was the lowest ever recorded.

GENTLE SPRING.

It is within the range of possibility that connection may after a while be drawn between what some people call "Spring fever" (meaning thereby that sensation of nothing wrong in particular, but that all is not just right) and that very prevalent malady, dyspepsia. At any rate, physicians who have used a prescription composed of ½ oz. Fluid Extract of Buchu, 1 oz. Bulso Mixture, ½ oz. Fluid Extract Gentian Compound and 15 ozs. water in treating dyspepsia have found that the medicine is not only wonderfully efficacious in dyspepsia cases, but that it is also an admirable "Spring tonic," and exactly what many people need at this season of the year. Most successful results are said to follow the use of the preparation in doses of a tablespoonful administered three times a day. The prescription, which any good pharmacist can put up, contains nothing in the least degree harmful and would seem to be well worth a trial.

Overcome at Fire.

New York, May 14.—At least fifty firemen were overcome today in fighting one of the worst fires, from the standpoint of danger to the fire fighters, the department has had to cope with in years, which broke out in the building occupied by the Remington Typewriter Company at 325 Broadway. Many of the men are in a serious condition, and it is feared they will die as a result. As fast as the men were carried from the building they were laid out across the street on the sidewalk. At one time nearly fifty men were stretched out helpless in a row. The fire created a panic in the neighborhood, which is one of the busiest spots on Broadway. When the dense smoke began to pour into neighboring buildings the occupants rushed out, thinking their buildings were on fire. Before fire lines could be established and every one be driven off the block there was a wild stampede from several buildings. Fifty girls employed on the fifth floor of the Remington building were marched in safety to the ground. The firemen were able to confine the blaze to the lower part of the building, but it was a hard fight trying to subdue the flames.

Testing Submarines.

Newport, R. I., May 14.—The test of submarines continued today with further maneuvers by the Octopus, which yesterday gave such convincing proof of the endurance of storage batteries for submerged cruising. The oxalite life saving jacket which was a feature today, consists of a cap of copper with a thick flash door in front attached to an air-filled heavy canvas coat much like the ordinary life preserver. Inside the coat is a copper flask filled with a pound of the oxalite from which there extends a tube which the wearer of the jacket adjusts to his mouth. With the jacket at the waist the head and body of the man are inclosed in an air-tight covering.

Unrest in the East Indies.

Lucknow, British India, May 14.—While there has been little outward manifestation of the rebellious spirit of the natives following the preparations made by the British authorities to quell any uprising, the feeling of unrest is growing, and it is feared that serious disturbances will occur soon. The smoke of sedition has only been "scotched" and not killed, as one of the British officers expressed it. A serious riot occurred at Delhi between Hindus and Mohammedo, but the police and troops quelled the disturbance. To the southward the unrest is growing worse and daily becomes more noticeable.

Sympathetic Strike.

New York, May 14.—Six hundred grain elevator employes today left their work on a sympathetic strike in support of the longshoremen who are fighting the steamship companies for increased pay. The defection of these men has utterly crippled the grain shipping business of the harbor. The delay in shipping due to the strike is becoming more alarming. Many ships are forced to carry part of their cargoes back to the original shipping points. The docks are piling higher and higher each day with freight.

Movements of International Fleet.

Norfolk, Va., May 14.—The great international fleet of warships which has been anchored off the Jamestown Exposition grounds began to dissolve today. The Japanese cruisers Chitose and Tzekuba have sailed for New York, the Austrian vessels Sankt Georg and Aspern have sailed up the Chesapeake and the American battleships Maine and New Jersey went to sea. The fleet will reassemble early in June.

Injured in a Wreck.

Hamilton, Ohio, May 14.—Fifteen people were injured in a wreck on the Cincinnati Northern today. An unknown girl about 7 years old was perhaps fatally injured. North and south bound cars met on a curve while rounding a hill and were telescoped. The injured were taken from the wreckage and laid on the road side until a squad of physicians arrived. Most of those hurt were able to continue their journey.

Forester's Convention.

Newark, N. J., May 14.—Presenting a massive key made of flowers, Mayor Issac Shoenthalt today welcomed the delegates to the eighteenth annual state convention of the Forester's of America, which opened at 10 o'clock this morning in the Orange theatre. The morning session was devoted largely to routine business.

Awaiting Requisition Papers.

Philadelphia, Pa. May 14.—To await requisition papers from Washington, D. C., Dr. Alexander P. Riedel is being held at the city hall. He is wanted for alleged scheme to organize fake Masonic lodges, in which membership was sold for $10. Riedel was arrested in the postoffice this morning.

Threatened Strike in Havana.

Havana, May 14.—The steamship lines here are threatened with a strike similar to that which has caused such a tie-up of shipping in New York harbor. All the longshoremen employed on the docks have threatened to quit work, alleging that the companies have failed to comply with the rate agreement.

New York Stock Market.

New York, May 13.—The feature of the trading in the stock market was what was assumed to be covering of a heavy short account this morning. Buying caused a strong tone in a number of stocks and forced fractional advances over last night's closing in several shares. However, western selling continued all through the first hour, causing a general reaction from the high range reached, and at the end of the hour prices all around the room were not lower.

Chicago Wheat Market.

Chicago, May 14.—Wheat opened in the Chicago pit this morning wild, irregular and and unsettled with frequent predictions that before noon some large firms would announce assignments. One broker, caught short by yesterday's call on margins at 10 per cent. was forced to buy 500,000 bushels on the market. The greatest excitement prevails. The trading feature was light, brokers fearing to get in. The movement was concentrated upon the July option, which opened with a rush at 96½, shot to 97½ and broke hurriedly before 10 o'clock to 96.

Every trader on the market paid his margins today and passed the clearing house safely.

After the daily clearing house meeting the market steadied the normal prices. May sold down to 92¾; July to 93¼ and September to 95¼.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W. F. Creighton and Gibson & Timberman.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Commemoration Service.

A large congregation gathered at Christ Church last night to attend the services in commemoration of the landing of the English settlers at Jamestown and the establishment of the church in America. Interesting addresses were delivered by Rev. William J. Morton, rector of Christ Church; Rev. P. P. Phillips, rector of St. Paul's Church, and Rev. Edgar Carpenter, rector of Grace Church. The church was beautifully decorated with flowers and a special musical programme was rendered. The music was under the direction of Mrs. Lennon, the organist of the church, and the hymns selected were those of Watts, Tate and Brady, while the tunes were all familiar. The offering was for the missionary thank-offering and will be specially designated for work in the Diocese of Virginia.

Yesterday was the three hundredth anniversary of the first service held in the English colonies in North America. This was at Jamestown on the Sunday after Ascension Day, in 1607, the service being conducted by Rev. Robert Hunt, a clergyman of the Church of England, and was 13 years prior to the landing of the Pilgrim Fathers at Plymouth Rock. So from this, we see that English Christianity and civilization began with the establishment of the church in these small colonies. In the year 1619 was held the first House of Burgesses, there being two representatives from each of the 11 colonies, and from this sprung the first representative form of government in our country. From then on the church was closely interwoven with the affairs of the government. When independence was declared the first meeting of Congress was opened with prayer by Rev. Dr. Duche, rector of Christ Church, Philadelphia, and many of the signers of this document were members of the Episcopals faith.

After the English colonies became the American nation it was recognized as being supremely important for the church to have bishops. Rev. Samuel Seaberry was the first bishop of the American church, being consecrated in Scotland in 1787. In 1792 the Rev. T. J. Claggett was consecrated in New York as bishop of Maryland, and he had the distinction of being the first bishop consecrated in America.

Arraigned for Murder.

John S. Barker, the motorman, and Richard Acton, the conductor of the electric car which ran over and maimed William Creegan, the six-year-old son of Mr. Michael Creegan, Sunday afternoon, and who had been held in $1,000 bond each to await the result of the child's injuries, were arraigned in the Police Court this morning before Justice Thompson to answer the charge of murder, the child having died at an early hour this morning.

Commonwealth's Attorney S. G. Brent appeared for the State and Mr. J. R. Caton on behalf of the accused.

On motion of Mr. Caton the case was continued until next Tuesday, May 21. It was determined to hold the men in the sum of $1,000 each for their appearance at that time.

Dr. Moore, the coroner, had a jury summoned this afternoon for the purpose of taking measures toward holding an inquest. The jury viewed the remains, after which the inquest was adjourned to meet at Mr. Wheatley's undertaking establishment next Friday night at 7:30 o'clock.

The jury was composed of the following: Messrs. R. M. Graham, J. H. Trimyer, D. H. Appich, Edgar Warfield, jr., R. E. Knight and Courtney Acton.

Barker and Acton were detained in the station house waiting for some real estate owner to appear and become responsible for their appearance next Tuesday. The electric railway company seemed unconcerned as to their fate, as no representative of the company appeared in their behalf during the day. In fact, it was reported that certain officials had said the conductor and motorman would be left to get out of the difficulty without the company's aid.

About two o'clock in the afternoon Mrs. Charlotte F. Cook, who conducts the eating house in the market, appeared and siguified her willingness to become surety for Barker. A bond was prepared and the motorman was released. Conductor Acton is still at the station house, he having been unable to obtain surety.

Police Court.

[Justice L. H. Thompson presiding.]

The following cases were disposed of this morning:

John S. Barker and Richard Acton, charged with killing William Creegan, had their cases continued until Tuesday, the 21st.

Llewellyn Lane, colored, charged with disorderly conduct, was fined $5.

A white man, charged with disorderly conduct, was fined $2.50.

Barney Gilmore, charged with vagrancy, was sent to the chain gang for ten days.

Henry Gilbert, colored, charged with assaulting Jos. Bell, had his case continued.

A white woman from Washington, charged with being drunk on the street, was dismissed.

George Boston, colored, charged with stealing shoes from S. R. Johnson, was fined $10.

Dr. Wills' Lecture.

There was an appreciative audience in the Second Presbyterian Church last night to hear Rev. David Wills' lecture. His subject was "A Time to Laugh." The doctor kept his hearers in a good humor for about an hour. His lecture was interspersed with many practical truths, and abounded in apt and well told anecdotes.

Property Sale.

Mr. S. H. Lunt sold at auction today for Commissioners S. P. Fisher and G. L. Boothe, the lot of ground on the northwest corner of Prince and Washington streets, 50x100 feet, with the residence thereon, to Mr. Edw. L. Daingerfield for $7,000.

Funerals.

The funeral of the late John H. Watkins, who died at Providence Hospital, Washington, late Saturday night took place from his late residence this afternoon. The services were conducted by Rev. C. D. Bulls, assisted by Rev. Edgar Carpenter. The pallbearers were Messrs Wm. C. Bruin, Frank Larmond and C. M. Bruin, of the Brotherhood of Locomotive Engineers; A. H. Thomson, of the Knights of Honor; F. J. Pollard, of the Royal Arcanum; and Dr. Wilkins, of the Modern Protective Association. The funeral was attended by many relatives, friends and acquaintances, and the Brotherhood of Locomotive Engineers attended in a body.

Funeral services for Miss Mary Clare Martin, whose death occurred Saturday night at the home of her father, Mr. J. B. Martin, 826 Queen street, took place from St. Mary's Church this morning. The services were conducted by Rev. Father Kelly.

The funeral of Alois Barkle, who was drowned last Sunday afternoon, took place from St. Mary's Church this afternoon, and was attended by the members of the brewers' union to which he belonged. The services were conducted by Rev. Father Kelly.

Stockholders' Meetings.

At the annual stockholders' meeting of the Citizens' Savings Bank, incorporated, held at the office of Attorney Leo P. Harlow, 119 S. Fairfax street, today, the following directors were elected: J. M. Scranage, J. H. Corning, W. B. Acker, J. C. Price, Harry M. Packard, L. D. Wilson, Wm. P. Chalice, J. T. Gibbs and B. R. Walters, all of Washington, D. C. The bank's directorate consists of 27 members, nine of whom were elected at today's meeting, the remainder having been elected for 2 and 3 year periods at the last annual stockholders' meeting.

A meeting of stockholders of the Southern Printers' Supply Company was held at the office of Mr. J. R. Caton today for the election of directors, etc.

Thrown from a Buggy.

Mr. Constant Ponnet, florist, living in West End, was thrown from a wagon on St Asaph street, near King, about 4:30 o'clock yesterday afternoon and painfully injured. The horse attached to the wagon was frightened by an electric train at the intersection of King and Washington streets, and ran east on King street to St. Asaph, where it turned south. The buggy collided with a tree, and was overturned throwing Mr. Ponnet into the street. He was stunned and it was thought at first seriously injured, but upon being taken to the Alexandria Hospital it was found that he had escaped with a a cut over his right eye.

The Confederate Reunion.

Commander W. A. Smoot, of Lee Camp Confederate Veterans of this city, has received a letter from the officials of the Washington Southern Railway Company concerning the rates from Alexandria to Richmond and return on the occasion of the Confederate reunion in the latter city, on May 30. Special rates have been made at $2.45 for the round trip. Tickets will be on sale at the union station on May 29th, 30th and 31st, and June 1st and 2nd and for the early train June 3rd. These tickets are good till June 11 and can be extended to July 6 by the payment in Richmond of 50 cents additional.

Died from His Injuries.

William, the six-year-old son of Mr. Michael Creegan, whose legs were crushed by an electric car on Royal street, near Duke, last Sunday afternoon, died at the Alexandria Hospital at 3:30 o'clock this morning, he having failed to rally from the operation to which he was subjected yesterday afternoon. The sad circumstances in connection with the dismembering and death of the little boy have brought forth many expressions of sympathy, not only from those acquainted with members of the stricken family, but from others to whom they are unknown.

Political.

Mr. C. C. Carlin, Mr. R. Lindsey Gordon and Judge Nicol were at Louisa yesterday pushing their respective claims for the democratic nomination for Congress from this district. Mr. Gordon declined to make a political speech at his own county seat, and addressed a few remarks to his friends. Mr. Carlin and Judge Nicol were consequently given a clear track, and a lively tilt resulted between the Judge and Mr. Carlin on the political issues of the day.

River Notes.

The steamer Arrowsmith, which has been lying at a dock between King and Prince streets since last fall, has been towed to Washington.

The three-masted schooner Winchester is at the shipyard loading railroad ties for New York.

The schooner Lulu M. Quillin, from Seven river with sand to the Old Dominion Glass Works, has arrived at W. A. Smoot & Co's. wharf.

Baseball.

In an exciting game at the High School grounds yesterday the Episcopal High School evened matters up with Woodberry-Forrest for the championship of Virginia by defeating the visitors, 5 to 4. During the game Talbot T. Pendleton, one of the High School nine, was hurt while "sliding" to the home plate. He was attended by Dr. McGuire and soon recovered and today was able to be about again as usual.

Acknowledgment.

The ladies managing the performance of "Mrs. Wiggs" at the Opera House, last Thursday and Friday evenings, are very much indebted for the following donations made for both performances: L. Shuman and Son, for ice cream and cake; Jacob Brill for the supper; the fire department, for their protection, Mutual Ice Co., for Mico water, and C. S. Elliott for the loan of dishes.

The police officers are to meet at the station house tomorrow night at 7:30 o'clock to have their spring uniforms fitted.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by W. F. Creighton and Gibson and Timberman.

Personal.

Miss Bertha Peake, who has been for the past two weeks in Atlantic City, has returned to her home on Braddock Heights.

Mr. James T. Goodloe, who has for the past year and a half been division storekeeper of the Washington branch of the Southern Railway, will leave tomorrow for Selma, Ala., where he will take up the same duties. He carries with him the best wishes of his many friends.

Mrs. Edward S. Leadbeater has gone to Orange, N. J., to visit her daughter, Mrs. Lloyd.

Ice Cream Festival.

The Young Ladies of Christ Church branch of the Girl's Friendly will give an ice cream festival at the parish hall of that church tomorrow night and a pleasant time is promised all who may attend. These young ladies are engaged in a laudible work and should receive the encouragement due them.

LOCAL BREVITIES.

The City Council meets tonight.

The weather has been warmer and more seasonable today.

Several fights among tramps occurred in the western section of the city last night.

For the first time in years the unionmade bread of Washington bore the stamp of the bakers union this morning.

Herring this morning sold at Fishtown at $7.87 per thousand. The receipts had up to that time been meagre, but later in the day a cargo of 52,000 arrived. Shad sold at $49 per thousand.

Four cars of a train which was being backed into the Fayette street depot last night jumped the track. Two of the cars were knocked from their trucks and thrown upon one of the platforms. No one was injured by the accident.

Messrs. E. Quinn & Sons, at their store on the corner of St, Asaph and Oronoco streets, are supplying their customers with a fine grade of butter. It is made at Midland, Fauquier county, and is received fresh from the churn every Friday.

G. Wm. Ramsay.

TO THE MERCHANTS, MANUFACTURERS AND CITIZENS OF ALEXANDRIA:

It is a source of gratification for me to state that I have succeeded in selling over 18,000 of my proposed book "Historic Alexandria," which assures the issuance of not less than 25,000 copies for the first edition, instead of 20,000 as was first promised.

It has been a physical impossibility for me to visit anything like all of our manufacturers, wholesalers and merchants and I take this means to state that the few remaining pages to be illustrated with factories, stores and residences will soon be exhausted. I would have been glad to have been able to have seen all personally but it has been impossible and therefore I take this means to notify all interested in securing an illustration in this work (which is now in the hands of the printer), that they must let me know at once the number of books they desire. The price for 100 books, including ½ page illustration is $12.50, for 200 books with ½ page $25.00 and for 400 books with whole page is $50.00. Respectfully,

A. J. WEDDERBURN. my13 2t

Eagle Seizes A Child.

A little child belonging to D. M. Riffee, a merchant, of Braxton county, W. Va., was nearly carried away by a large bald eagle yesterday. The child was playing in the dooryard of his home, when the immense bird swooped down, catching the child about the shoulders and waist with its claws. The screams of the little one stracted its father, who came out of the store just as the bird was raising with the child.

Mr. Riffee immediately seized one of the rakes which he had on display in front of his store, and with it literally raked down the bird and child. The child was but little, injured while the parent managed to deal the bird several telling blows with the rake. Despite this it managed to fly to some tall trees nearby, where, while nursing its injuries, it was killed by a rifle ball. The eagle is one of the largest ever seen in the vicinity.

A Curious Case.

The case of Andrew H. Stimson, of Worcester, Mass., who has been in a critical condition two weeks after hypnotizing himself, has aroused the greatest interest among the medical fraternity there and in Boston. Half a dozen specialists have visited Stimson, but all efforts to recall him to a state of consciousness have failed. The doctors fear he will die unless he can be aroused within a few hours. Stimson has been an earnest student of hynoptism for years. Some time ago he read of a case where a man hypnotized himself for two weeks during which his spirit took a prolonged journey. On his re-awakening this man described visits to Europe and cities he had never seen. Stimson determined to emulate this example. He succeeded in putting himself to sleep and no one, even other hypnotizers who were called in, has been able to arouse him.

Relief from Rheumatic Pains.

"I suffered with erhumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

Nine Blown to Pieces.

While a force of men were at work blasting on the South and Western railway Saturday afternoon near Alta Pass, N. C., an explosion occurred in which nine men were almost instantly killed and four others seriously, if not fatally, injured. The men were all employes of the railway company and were natives of the Alta Pass section. The force had drilled for a blast and, after placing the explosives in the blast hole, started to retreat. The dynamite went off prematurely, and the men were hurled in every direction. Those who were killed were terribly mutilated, while the surviving workmen are badly bruised and lacerated.

Alsace-Lorraine

A plan to settle for all the time status of Alsace-Lorrine, has been advanced by Horr Arendt, a member of the German Reichstag. He believes the problem can be solved to every one's satisfaction by making it an independent duty. Herr Arndt airs his views at some length city in the Der Tagu. His plan, he believes, would settle the constitutional status of Alsace-Lorraine for all time and at once convince the French that all hopes for the eventual recovery of the province must be abandoned.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominons dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

FOR OVER SIXTY YEARS.

CANDIDATES.

TO THE VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT:

Having determined to become a candidate for the democratic nomination for Congress from the Eighth Congressional District, I respectfully solicit the support of the democratic voters of the district at the primary election to be held June 19th, 1907. If the people of the district shall deem me worthy of the high honor of bearing the democratic flag in the contest for Congress it shall be the ambition of my life to prove worthy of their confidence and support. Respectfully,
ap6 td R. L. GORDON, JR.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

I hereby announce my candidacy for the democratic nomination for Congress from the Eighth congressional district, and in so doing desire to say that if chosen at the forthcoming primary it shall be my constant aim and endeavor to represent faithfully the interests of the entire district.

In the course of the campaign I shall endeavor to address and meet as many of the voters as possible in order that we may get better acquainted with each other. I earnestly solicit the support of my fellow democrats. Respectfully,
ma21 tf C. C. CARLIN.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

In a card addressed "To the People of the Eighth Congressional District of Virginia," and published in the press of the district and otherwise, I have heretofore announced my views on the questions of moment which now concern the public.

Adopting that card as a part of this announcement, I now formally announce myself a candidate for Congress from the Eighth congressional district of Virginia, subject to the action of the congressional primary to be held Wednesday, June 19th, 1907.

In the event that I shall be nominated and elected, it will be my earnest desire and ambition to be of service to my district, State and country, and to faithfully represent every interest, and to justify, by every exertion in my power, the confidence reposed in me and honor conferred on me by my fellow democrats. Respectfully,
